

A quick index to technical articles and other main features which, collected together, form your

essential reference library. An index for April to June 1982 appeared in AJ 8.9.82.

Chester-le-Street Civic Offices, see 'Civic centres'.

Richard Rogers' scheme for Trafalgar Square, see 'Competitions'.

Six types of index

Subjects, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news. **Architects** of buildings in the subject index. **Book reviews**, listed alphabetically by title. The name of the reviewer is given in brackets.

Products, grouped by product types, which have been featured in the 'Products file'. **Trade literature**, listed by manufacturer, of those publications featured in 'Trade literature file'. **CI/SfB classified information**, preclassified AJ Information Library features, listed according to CI/SfB category.

A quick index to technical articles and other main features which, collected together, form your

essential reference library. An index for July to September 1982 appeared in AJ 8.12.82.

Six types of index

Subjects, listed alphabetically, of all main features in the AJ including handbooks, series, technical studies, information sheets, building studies, editorials and buildings in the news. **Architects** of buildings in the subject index. **Book reviews**, listed alphabetically by title. The

name of the reviewer is given in brackets. **Products**, grouped by product types, which have been featured in 'Products'. **Trade literature**, listed by manufacturer, of those publications featured in 'Trade literature'. **CI/SfB classified information**, preclassified AJ Information Library features, listed according to CI/SfB categories.
